WELCOME

Dear Colleagues,

Welcome to the 2020 Liver Cancer Summit, the home of liver cancer research, which will address the latest developments in hepatocellular carcinoma (HCC) and cholangiocarcinoma (CCA) that you as a practicing physician and/or scientist should know. This year for the first time, this successful meeting will have a new title “Liver Cancer Summit” instead of the well-known “HCC Summit” to reflect the growing preclinical and clinical data and rapidly changing treatment landscape of CCA in addition to HCC. This year the Liver Cancer Summit will be held in Prague/Czech Republic.

The biology of liver cancer remained obscure for many years. However, over the last period of time, an intense preclinical research shed new light on the molecular mechanisms involved in the malignant transformation of hepatic cells (mainly hepatocytes and cholangiocytes) and in their interaction with the stroma and immune system. In addition, new risk factors for liver cancer has been described and need to be considered. Moreover, clinical trials have identified novel perspectives and strategies for the accurate diagnosis, management and treatment for HCC and CCA. While these developments offer many new opportunities for your patients, it is becoming increasingly difficult to keep track and timely implement these changes into daily clinical practice and research projects. This multidisciplinary meeting is organized to provide an update on the current knowledge and future directions on the study of HCC and CCA, and its significance under a clinical point of view. Also, the aim of this multidisciplinary summit is to bring physicians and scientists together and promote the exchange of clinical knowledge, the discussion of controversial issues and the establishment of collaborations.

The program will feature state of the art lectures on updated key aspects of HCC and CCA by renowned experts and rising stars covering a broad spectrum of topics, such as:

- Preclinical research on the mechanisms of malignant transformation of hepatic cells and of cell-to-cell interactions
- Basic and translational research on the biology, genetics, and immunology of HCC and CCA
- New developments in HCC and CCA management, including new targeted agents and recent data and implications for immunotherapy of HCC and CCA
- Personalized medicine
- The new challenge of microbiota and liver cancer
- Novel biomarker concepts in HCC and CCA
- Discussions on clinical trials between academia, pharma and regulatory agencies

Panel discussion with experts will open a discussion on the new directions and avenues for research and clinical practice. Special emphasis will be placed on involving young clinicians and scientists, who will have the opportunity to gain a compact overview of the field and build new networks by easily getting in touch with advanced scientists and key opinion leaders. The meeting offers many opportunities to share your research results (selected abstracts will be presented as oral presentation, poster blast, poster) and clinical ideas and to get new inspiration for your own career.

We kindly invite you to come to Prague and get involved into the future of Liver Cancer.

Sincerely,

The Scientific Organizing Committee
Jesus Banales, Valerie Paradis, Lorenza Rimassa

PARTNERSHIP PACKAGES

The Liver Cancer Summit aims to provide interested partners with the opportunity to gain ongoing visibility throughout the event and recognition as a key supporter of EASL's mission in advancing research and treatments in the field of HCC. Supporters of the Summit will enjoy extensive benefits and branding opportunities for widespread visibility before, during and after the event.

Partnership opportunities at the Liver Cancer Summit are split into three sponsorship and engagement categories: Partnership Opportunities, Bespoke Opportunities and Individual Partnership Opportunities.

PARTNERSHIP OPPORTUNITIES

Partnership opportunities at the Liver Cancer Summit 2020 provide organisations with excellent opportunities to maximise their association with the meeting and within the hepatology community. Gold, Silver and Bronze packages are available for industry partners, providing organisations with the opportunity to carefully select the package that is right for them.

BESPOKE PARTNERSHIP OPPORTUNITIES

In addition to Partnership packages at the Liver Cancer Summit, EASL is delighted to provide broader sponsorship opportunities that are more relevant to organisation's specific areas of interest and their marketing objectives. Bespoke packages provide partners with a number of benefits and reinforce their position as key players in the field of hepatology.

INDIVIDUAL PARTNERSHIP OPPORTUNITIES

SHARING SCIENCE & EDUCATION

BEST OF LIVER CANCER SLIDE DECK

Spread liver knowledge throughout the year! EASL will select the 'Best of Liver Cancer' Summit slides and ensure content can be accessed by the entire liver community. Be seen as an active education disseminator of the latest research in end-stage liver disease.

Acknowledgment on the Live Streaming Liver Cancer Summit website and Liver Cancer section of the EASL Educational platform/webcast

Use of the EASL campus URL (Liver Cancer section only) on your website or affiliate website (education relevant webpages) - subject to EASL approval and regulation

Sponsorship acknowledgement on the EASL campus webpages (Liver Cancer section only)

EUR 40,000*

LIVE STREAMING

Provide the liver community with free access to content as an integral part of the EASL education dissemination portfolio.

Liver Cancer Summit content is live streamed to ensure the latest science is accessible all year long for the liver community on a global scale.

Acknowledgment on the Live Streaming/webcast Liver Cancer Summit website and Liver Cancer section of the EASL Educational platform

Use of the EASL campus URL (Liver Cancer section only) on your website or affiliate website (education relevant webpages) - subject to EASL approval and regulation

Sponsorship acknowledgement on the EASL campus webpages (Liver Cancer section only)

EUR 40,000*

TRAVEL GRANTS

While all stakeholders with an interest in liver disease play a vital role in the conference, many do not have the means to participate. Since all stakeholder voices are essential in furthering the developments of improving patient outcomes, we would like to bring together as many as possible from a variety of backgrounds. Receivers of a sponsored grant are selected by the Scientific Organising Committee and the following travel grants are available:

Young Investigators

EUR 650.00 (per young investigator)

EASL will distribute travel bursaries including a free registration to the highest scored abstracts.

Patient advocates education travel grant supporter

EUR 650.00 (per bursary)

Your support will cover the cost of their travel and accommodation for up to 2 days.

Clinicians & Basic Scientists

Upon request and may vary according to compliance.

EUR 25,000*

SHARING SCIENCE & EDUCATION

e-POSTER AREA

Approximately 12 ePoster stations will be displayed in an area which includes space for delegate networking and informal meetings. Sponsoring the e-poster area will provide the following:

A 'kindly supported by' acknowledgment in the ePoster area

Company logo display on every ePoster station

Acknowledgement on the on-site 'supporters' board

Acknowledgement in the final programme

EUR 20,000*

INDUSTRY SATELLITE SYMPOSIA

Sponsoring a satellite symposium is an ideal way to educate and stimulate a targeted audience. This is a unique opportunity to offer cutting-edge science, present case studies or interact with delegates from around the world. The slot outlined below is subject to availability:

Thursday, 6 February	Friday, 7 February
19.30-20:30	13.00-14:00
	19.30-20.30

All symposia must be held at the Summit venue in existing scientific session rooms used for the meeting. Seating will be in theatre style and room allocations will be made on a first-come, first-served basis. Slots are limited and the organisation of industry symposia and workshops are subject to approval by the EASL Governing Board. A draft programme for each symposium, indicating the title, speakers and titles of presentations should be submitted to EASL upon request.

Symposium promotion:

- 1 symposium board (onsite)
- Programme displayed:
 - Website
 - Mobile App
 - Digital programme book
- 1 push notification
- 1 tweet from Liver Cancer Summit

EUR 25,000*

Push notifications to delegates

Direct link to your company home page website as one of the main function buttons

Acknowledgement as a sponsor

EUR 15,000*

CHARGING STATIONS

Ensure that delegates have a full battery to tweet and communicate with their devices. Sponsoring the charging stations will include the following:

Two self-standing charging stations (for mobile phones and computers) branded with your company's logo and/or name

Charging stations located in the registration area and the exhibition/poster area

Half-page advertising in the final programme with company's acknowledgment support

Visibility of the charging station locations in the 'Practical Information' section of the Summit website

EUR 8,000*

INTERNET CORNER

The Internet Corner remains extremely popular and useful during the conference and are available during the poster hall opening hours. Delegates can access desktop PCs to download key presentations and catch up on their emails. Sponsorship includes workstations, printers, signage to reach the internet stations, internet set-up, connection and technical support. Sponsoring the internet station will provide the following:

Logo on the screensavers at each workstation

Logo on screen desktop backgrounds

Acknowledgement on the on-site 'supporters' board

Acknowledgement in the final programme

Logo, with a hyperlink, on the conference website

WIFI

Exclusive opportunity

Contribute to digital communication in offering WIFI to all delegates. Sponsoring the WIFI will include the following:

A half-page advert in the final programme specifying the network name, password and company's acknowledgment support

1 push notification per day

Visibility of the network name and password on the 'Practical Information' section of the Summit website

Customised password

EUR 15,000*

NOTEPADS AND PENS

This provides a unique opportunity to raise your company recognition with delegates during the conference. Please note that the notepads and pens will be produced by the sponsor. Sponsoring these materials will provide the following:

The notepads and pens will bear the sponsor's company logo

Acknowledgement on the on-site 'supporters' board

Acknowledgement in the final programme

EUR 5,000*

ePOSTER NETWORKING SESSION

Sponsors will have the opportunity to promote their organisation during a welcome reception. This will be held at the time of the inaugural poster session on the first evening, to which all conference attendees are invited. This opportunity provides the following:

Logo on invitations

Reasonable food & beverages will be provided

Acknowledgement in the final programme

Acknowledgement on on-site 'supporters' boards

EUR 15,000*

MEETING ROOMS

Meet companies, clients, colleagues and KOLs face to face in your own private Hospitality Suite conveniently located within the Congress venue.

Meeting rooms are closed rooms and may not be used to exhibit company's products or to organise activities, such as media briefings, press conferences, any other type of meetings, including satellite symposia, educational and Meet-the-Expert sessions.

MEETING ROOMS

Your meeting room includes:

- ▶ Meeting room rental for the expected duration
- ▶ Tables and chairs according to room size
- ▶ Your company logo on the room door and signage
- ▶ Screen and beamer

The prices will depend on the duration of the room rental and the capacity required.

TERMS & CONDITIONS

APPLICATION TO PARTICIPATE

Application to participate will be considered only if submitted on the appropriate forms, duly completed, signed and accompanied by the necessary payment. Registration will be confirmed so far as space is available. Applicants will be informed in writing of the acceptance or refusal of their application. In case of refusal, all payments shall be fully refunded within 60 days upon notification of refusal.

APPLICATION TERMS

EASL reserves the right to accept or reject each application at its own discretion.

Upon acceptance, a copy of the countersigned Application (being the sponsorship and exhibition agreement) and an invoice will be sent to the Sponsor/Exhibitor. The first instalment must be paid within 21 days upon receipt of the invoice by the Sponsor/Exhibitor.

EASL reserves the right to amend the Scientific Programme with possible direct or indirect effect on sponsoring activities. If this is the case, EASL will ensure that any changes cause as little hindrance as possible to the Sponsor/Exhibitor. Such amendments are not cause for cancellation of the present Agreement.

OBLIGATIONS AND RIGHTS OF THE EXHIBITOR

Registration implies full acceptance by the Exhibitors of the exhibition regulations. Any infringement of these regulations may lead to immediate withdrawal of the right to participate in the exhibition without compensation or refund of sums already paid, and without prejudice to the Exhibitor.

By submitting an application to participate, the Exhibitor makes a final and irrevocable commitment to occupy the space allocated and to maintain his/her installation until the date and time fixed for closure of the exhibition.

The Exhibitor may only present on his/her stand or space the materials, products or services described in the application to participate.

No advertising on behalf of firms not exhibiting is permitted in any form whatsoever. Transfer or sub-letting of all or part of the allocated spaces is prohibited.

OBLIGATION AND RIGHTS OF ORGANISER

The Organiser undertakes to allocate exhibition space as far as possible on the basis of the preference expressed by applicants. Application will be considered in order of receipt of application forms accompanied by payment.

The Organiser reserves the right, in case of absolute necessity, to modify the positioning of stands, with no obligation to provide

compensation to Exhibitors. The Organiser reserves the right to offer to a different firm any stand or space that has not been occupied by the eve of the opening of the exhibition, with no obligation to provide compensation to the defaulting Exhibitor.

CANCELLATION

Cancellation of part of the Agreement does not automatically result in the entire Agreement being terminated.

In case of cancellation resulting from a clause, EASL's responsibility is limited to any unspent and uncommitted portion of the overall sponsorship/exhibition amount contracted.

LIABILITY INSURANCE

The Organiser provides general guard service and third-party insurance at the exhibition site. Equipment and all related display materials installed by Exhibitors are not insured by the Organiser, and they will under no circumstances be liable for any loss, damage or destruction caused to equipment, goods or property belonging to Exhibitors. The Exhibitor agrees to be responsible for his property and person and for the property and persons of his employees and agents through full and comprehensive insurance, and shall hold harmless the Organiser for any and all damage claims arising from theft and those perils usually covered by a fire and extended-coverage policy.

EXHIBITION REGULATIONS

The Exhibition Manager, acting under direction of the Scientific organising committee, has the final decision as to the acceptability of displays. Exhibitors are not to share with others any space allotted to them without prior written consent by the Exhibition Manager.

The Organiser reserves the right to alter the general layout or limit the space allotted to each Exhibitor, postpone the exhibition or transfer it to another site if unforeseen circumstances warrant such action. Should any contingency prevent the holding of the exhibition, the Organiser will not be held liable for expenses incurred other than the cost of exhibit space rental fees.

All exhibits are to be displayed so as to avoid blocking aisles, obstructing adjoining booths, damaging the premises or the leased equipment. Exhibitors are kindly requested to allow sufficient see-through areas, which ensure clear views of surrounding exhibits.

In standard booths, height is restricted to 245 cm. Exhibitors are responsible for the cost and execution of the design, installation and delivery of their display to (and its removal from) the exhibition site. Flammable materials are not to be used. Equipment displayed or demonstrated must be installed with strict adherence to safety measures.

Exhibitors undertake to observe the timetable designated for completion of their display before the exhibition opening and its dismantling at the close of the exhibition. No dismantling or packing of the display before the designated hour. It is the Exhibitor's responsibility to pack and remove or consign for shipment all items of value prior to leaving their exhibit unattended, otherwise the Organiser will arrange for their removal at the Exhibitor's risk and expenses.

Exhibitors are obliged to ensure that their stands are permanently staffed during the exhibition opening hours.

Payment is to be made in accordance with the conditions of payment on the Exhibition Application Form.

Should the Exhibitor fail to make a payment on time, the Exhibition Manager is entitled to terminate the contract, withdraw confirmation of acceptance, make other arrangements for the stand or seek compensation for non-fulfilment of contract.

Participation by Exhibitors is dependent upon compliance with all rules, regulations and conditions stated herein.

Access to the exhibition is authorized on presentation of a badge issued by the Organiser. Exhibitors' badges will not be mailed in advance and may be collected from the Exhibition Manager's desk. The Organiser ensures daily cleaning of the aisles. Exhibitors are responsible for the cleaning of their stands.

The provision of refreshments for the participants by Exhibitors is only permitted if the catering regulations of the exhibition building concerned are observed.

Exhibition areas and fittings made available to Exhibitors must be handed back in their original condition. In case of damage or loss of equipment provided, or damage to areas occupied, repair and replacement will be charged to the Exhibitor.

Any special decoration or fittings must be submitted to the Organiser for prior authorization.

Advertising panels and display are not permitted outside the exhibition areas allotted to Exhibitors.

The Organiser will not approve stands, which do not comply with the accepted standards, until the necessary changes have been made.
