# EASL EDUCATION

EASL is striving to provide the multidisciplinary liver community with state-of-the-art education and to promote public awareness of liver diseases.

The launch in 2019 of EASL Campus, EASL's eLearning Hub, propelled the online education, creating learner-centric, bite-sized educational content which can be tailored to multiple-targeted audiences.

The EASL Education Catalogue 2019–2020 highlights the different educational initiatives, consolidating the available tools for lifelong learning.

These tools include:

- EASL Campus resources with online courses
- Conference webcasts
- ePosters
- Slide decks
- Webinars
- Podcasts
- Animated infographics
- EASL Quiz series
- EASL Schools and EASL–AASLD Masterclass
- EASL events
- Research and training grants and fellowships

# IMMUNE-MEDIATED AND CHOLESTATIC DISEASES

## EASL Campus

- EASL Quiz series
- Digital ILC 2020 Takeaways on Immune-mediated, Cholestatic, and Genetic Liver Diseases

The screenshot shows a video conference interface. The main content area has an orange background with the title 'Immune-mediated, cholestatic and genetic liver diseases' in white text, framed by white corner brackets. Below the title, the names 'Verena Keitel', 'Ulrich Beuers', and 'Saskia van Mil' are listed in a white box. The EASL logo is in the bottom left corner. On the right side, there are three video feeds of participants: a woman in a blue top, a man in a dark suit, and a woman with a headset. At the bottom right, the EASL logo is followed by the text 'TAKEAWAYS'.
